These services provide you with a variety of items you can purchase, from automobiles to computers to jewelry. Here are some examples of the merchandise and services that are available to all AICA members.

AUTO PRICING

You can order the most sophisticated auto information guide on the market. The guide will give you information on retail prices, vehicle specifications, safety equipment, and factory-option packages.

When you are ready to place your order for an automobile, a team of company experts will work with you and with the prospective dealer to ensure that you are getting the best possible price through a network of nationwide dealers. You are guaranteed to get the best price for the automobile you have chosen.

Once you have purchased your automobile, AICA will provide all your insurance needs. Discounts on policy rates are provided for completion of a driver-training program, for installed antitheft devices, and for installed passive restraint systems such as air bags.

Finally, we can make your purchase decision an easy one by always providing a low-rate finance plan for you. You can be certain that you are getting the most competitive interest rate for the purchase of your automobile when you finance with AICA.
